Game Timer (2022)

- Starts the game at the selected time and closes the game if it's over or you close the program. - The application icon doesn't always appear at the bottom taskbar when running, so make sure you don't miss when it's time to quit the game. - Configurable time - Configurable audio alert - Show the information about the game - In the very beginning, there's no need to install any software, just right-click on the Game Timer icon - Runs on Windows 7, Windows 8.x and Windows 10 Game Timer is a handy application that shows you exactly how much time you spend playing games. It does this by offering a timer that sets itself to whatever amount of time you specify and it shuts the game down as soon as the timer reaches that number. It'll automatically start playing the game that you have opened and close it when the countdown is over or when you close the program. Key Features: - Takes a timer that you can specify and set it to whatever amount of time you wish. - You can also set it to shut the game when the timer reaches that point. - If you don't want it to shut down the game automatically, you can select the option to notify you when the time reaches that point. - You can find a collection of games saved in a list so you can quickly launch them. - The program runs on Windows 7, 8.x and 10. It's also available as a portable application that can be run from USB drives. Game Timer is an application that tracks how much time you're spending playing video games.
